Vol.1, Issue 1

COMMUNITY FOUNDATION OF KAWARTHA LAKES

Our Year in Review

The Community Foundation of Kawartha Lakes had an extraordinary strong start and is poised to continue supporting the community in creative and beneficial ways, deserving of our attention!

Since establishing the Bobcaygeon & Area COVID-19 Relief Fund in April 2020, the Community Foundation of Kawartha Lakes has had significant success in helping to build stronger, more caring and resilient communities in Kawartha Lakes – one campaign at a time.

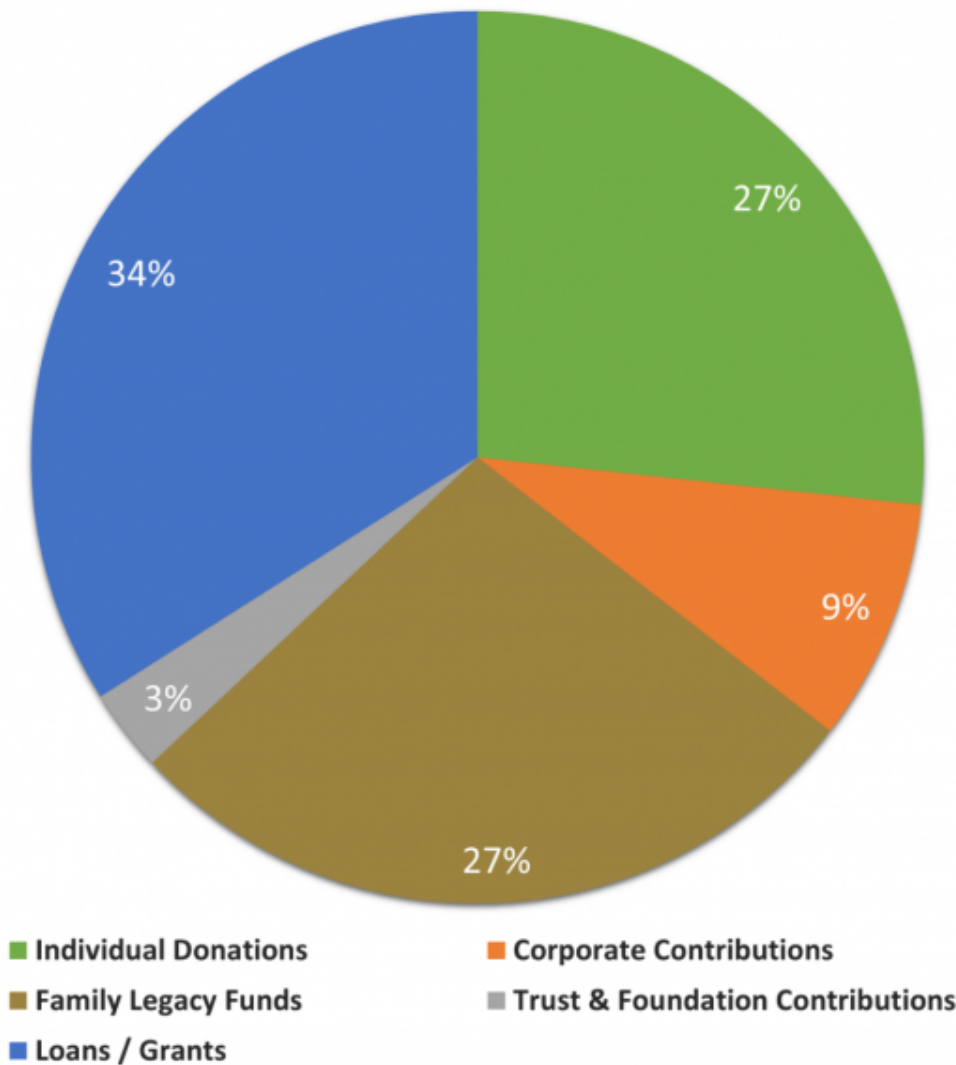

In 2021, a challenging year for all, our community projects thrived to meet their ambitious goals. Our fundholders endorse many viable community minded initiatives, which in turn instill pride and donor enthusiasm. Campaigns ran with the support and hard work from community partners in the business, charitable and not-for-profit sectors and local committee

members who share the fundraising opportunities. In response, generous donors stepped up making valuable contributions to projects close to their heart.

Momentum Achieved to Date

With immense gratitude to our Donors, Community Partners, Fundholders, Board Members, Advisors and Affiliates, we look to where we have come from, to feel a true sense of accomplishment and gratitude. Raising more than \$1,370,000 since March 2020, the Community Foundation has helped to create 11 community initiatives, provided support to over 16 charities across Kawartha Lakes and established 6 local Family Legacy Funds.

Foundation Result-Driven Metrics

Goals for 2022

The Community Foundation and its members will continue to build upon

this significant success, with a determined focus on the needs of the community, expanding legacy giving and ensuring increased capacity to better serve the community.

Building Community

By collaborating with community leaders to create, fund and administer new Initiatives.

By seeking creative opportunities to support existing local projects and charities.

Building Legacy

By promoting our unique ability to establish and administer legacy funds to achieve long-term donor objectives.

By encouraging curiosity about the opportunity to create your own legacy of support for the community.

Building Capacity

By growing the Foundation's own Opportunities Fund used to ensure the long-term viability of the Community Foundation, so we can build on our objective of providing long-term support for philanthropy across Kawartha Lakes.

By continually building and refreshing our board of directors, advisors, corporate sponsors and community engagement partners, all for the purpose of providing long-term support for charitable activities across Kawartha Lakes.

We appreciate the support of our corporate sponsors. We share the view that a vibrant healthy community is good for business.

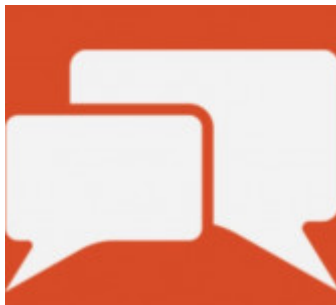

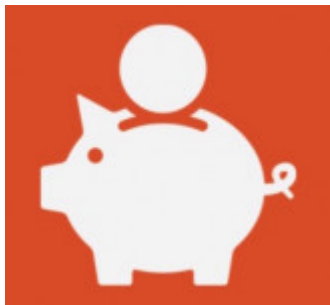

Connect with Us

Please be in touch with us if you or people you know may be interested in helping us to build stronger, caring communities in Kawartha Lakes. Whether you chose to donate to a Fund of your choice, wish to create an amazing community initiative, support an existing charitable organization, or you are curious about creating your own self-directed legacy, we want you to connect with us!

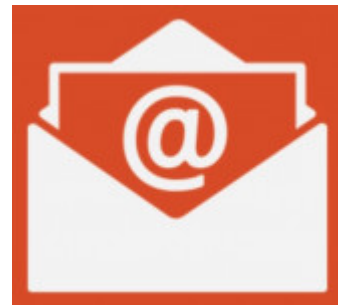

The Community Foundation of Kawartha Lakes is open to meeting local community builders, who share our vision of a safe and healthy community for all, to join our Board of Directors.
