COMMUNITY FOUNDATION OF KAWARTHA LAKES

FUND NEWS

The Grove Theatre

The Grove Theatre is a stunning outdoor amphitheater built into a beautiful garden grove in Fenelon Falls. Conceived to engage and inspire both visitors and local residents for years to come, it is a space where professional theatre, concerts, live music, and other community events animate the stage in an idyllic natural setting.

Our first season was a tremendous hit, and we were very encouraged by the exceptional response from the community! We are building on that success in 2022 as we plan a bigger and grander season, including a full-scale theatre production and more evenings of music, comedy, and cabaret for people of all ages to enjoy.

DONATE NOW

Your donation will help cover the costs of developing our signature theatre production, provide permanent stage equipment, increase our community engagement initiatives, and expand our programming. Your contribution is much appreciated, and we thank you for your enthusiasm and support.
